

# Beef Order Form

Please use this form when ordering your beef.

All beef is sold by hanging weight. The average hanging weight of a whole beef is about 700 pounds. You may purchase beef by the quarter or half. For more information on the breakdown of beef from hoof to freezer, see this Website.

[http://www.askthemeatman.com/yield\\_on\\_beef\\_carcass.htm](http://www.askthemeatman.com/yield_on_beef_carcass.htm)

The cost of the beef is \$5.00/pound (hanging weight) which includes the cost of processing. We require a non-refundable deposit of \$200 for a quarter and \$400 for a half. The deposit is due when you place your order. The balance is due when we know the hanging weight of the beef, approximately one week before you pick up your order. You will be notified when the beef will be processed and the expected delivery date. You or your representative will pick up the beef at our farm on the delivery date.

The beef will be processed in the "standard" way – roasts, ground beef, steak, etc. If you request custom processing – i.e. ground beef patties in 2 lb packages, that will be an extra charge. You will be sent a cutting form once we know the hanging weight of the steer. Standard processing includes packaging the beef in vacuum sealed packages that can be kept frozen for up to two years.

Please note: Delivery time is based on our processing schedule and the number of steer available. Please call Linda for the current schedule.

If you have any questions about the processing or delivery of the beef, please call Linda 248.634.7276.

We accept cash, check, and charge. You can either visit us to charge or we will email you an invoice to charge the order online.
